

BIOMAX+

ENHANCED BIOLOGICAL CONDITIONER

SHAKE WELL BEFORE USE

FOR BEST RESULTS:

Apply BioMax+ to the area of greatest circulation. Use supplemental aeration to enhance biological activity. Optimal Water Conditions: pH: 6.5-8.5, Temperature: 50°F or above.

POND SIZE CALCULATION:

$L \times W \times \text{Avg. Depth} \times 7.5 = \text{Gallons}$

PET, FISH & WILDLIFE FRIENDLY when used as directed. Not intended for water used for human consumption.

ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in loss or injury to aquatic life. Atlantic is not responsible for any loss of aquatic life.

KEEP OUT OF REACH OF CHILDREN:

Avoid contact with, eyes, skin and clothing. Wash with soap and water after use.

- Regular applications maintain a healthy, balanced ecosystem
- Naturally removes organic debris, ammonia and nitrates
- Use weekly to keep water clean and clear

Treats 6,000 Gallons

16 fl. oz.

STORE AT ROOM TEMPERATURE
SHELF LIFE: 2 YEARS

BioMax+ enhances bacterial activity with a fast-acting liquid formula that balances the pond ecosystem, removes ammonia, seeds biological filters and reduces suspended organics. A specialized bacterial mix containing billions of microbes work year round to keep ponds healthy and clean. Use weekly to reduce suspended organics and keep pond water clear and healthy.

APPLICATION RATE:

Apply 1 fl. oz. per 375 gallons once a week. If problems persist apply BioMax+ twice a week at the prescribed rate until desired results are achieved.
