Lesco Hume tablets are designed for use with hose-end pellet applicators and will slowly dissolve over the course of application. A single Lesco Hume tablet will last 20 to 30 minutes under normal conditions and spot treat 4 to 6 average size golf greens. Rate of dissolution will vary depending upon temperature, water pressure, quality and flow rate. Remove the Lesco Hume tablet from the supplied bag and insert it into a compatible hose-end applicator. If the Lesco Hume tablet has not completely dissolved after the application has been completed, the water can be drained from the hose-end applicator and the remainder of the Lesco Hume tablet can be stored in the provided bag for future use.

For chemical emergency spill, leak, fire, exposure or accident, call CHEMTREC day or night. Domestic North America 800-424-9300 International call 703-527-3887 (collect calls accepted).
