

This outstanding product is the brightest, most durable field-marking paint in its class. With low VOCs and high UV resistance, it will not harm, kill or brown any type of natural grass. The universal "T" tip design sprays crisp lines suitable for most interior and exterior line marking applications.

Directions for Use:

1. Can temperature must be between 55-85°F.
2. **Note: high solids.** Shake the can vigorously for a full 30 seconds AFTER you hear the ball start to rattle.
3. Install and align can correctly in striper (if using).
Adjust can height for desired paint stripe width.
4. Activate spraying by pressing trigger.
5. Partial cans can be saved for later use.
Before saving can, clean spray tip by holding can upright and pointing it away from your face and body. Depress tip to one side for a few seconds until propellant is sprayed and tip is cleared of residue.
6. Before reusing any saved aerosol cans, make sure to shake can until ball rattles for at least 30 seconds.

Danger

Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. Causes damage to organs through prolonged or repeated exposure. May be fatal if swallowed and enters airways. May cause genetic defects. May cause cancer. Suspected of damaging fertility or the unborn child.
