First Green 5-3-1

Guaranteed Analysis:

Total Nitrogen (N)	5.00%
1.14%.....Ammoniacal Nitrogen	
0.51%.....Urea Nitrogen	
2.07% Water Soluble Nitrogen	
1.28% Water Insoluble Nitrogen	
Available Phosphate (P205).....	3.00%
Soluble Potash (K20).....	1.00%
Calcium (Ca)	4.00%
Sulfur (S)	3.00%
Iron (Fe).....	1.00%

Derived from: Humic shale, soft rock phosphate, ammonium sulfate, methylated urea, ferrous sulfate, and potassium sulfate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

9% Humic Acid derived from humic shale ore.

Live Earth's First Green 5-3-1 is an exceptional fertilizer blend that provides a combination of four forms of nitrogen, natural phosphate, calcium, potassium, and iron to produce both rapid response and a deep green not found in traditional fertilizers

First Green 5-3-1 is an all-purpose fertilizer suitable for turf, new turf, flowers, vegetables, shrubs and trees. It is especially effective in new turf seeding. It will give you a deep, rich color without a significant flush of growth. It contains the finest ingredients available, to maximize plant response. Additionally, the humic acid contained in First Green 5-3-1 may also aid in the uptake of micronutrients.

**For professional & homeowner use.
Safe for use on all turf, vegetables, flower gardens, and ornamentals.**

Apply Only as Directed

Turf:

- Apply 10-15 lb per 1,000 sq. ft.
- Water in after application.
- Product may take several irrigation cycles to completely dissolve, use accordingly on non-aerified putting surfaces.
- Apply quarterly or as needed.

Gardens and New Turf Construction:

25 lbs per 1,000 sq. ft., till into soil prior to planting.

Crops: Per soil analysis or as recommended by an agronomist.

Trees & Shrubs :

- Apply 10-15 lb per 1,000 sq. ft.
- Water in after application.
- Apply 3 times per year or as needed.

Contains No Sewer Sludge or animal waste/byproducts and can safely be used in vegetable gardens.
