Blitz 22

22-0-0

Granular with humic acid

Guaranteed Analysis:

Total Nitrogen (N)22.00%
6.88%.....Urea Nitrogen
3.57% Other Water Soluble Nitrogen*
11.55% Water Insoluble Nitrogen*
Sulfur (S)1.00%
Iron (Fe).....1.00%

Derived from: Methylenediurea and humic shale
*15.12% slowly available nitrogen from methylenediurea

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:
23% Humic Acid derived from humic shale ore.

Live Earth's Blitz 22 granular is a premier turf fertilizer. It features three forms of nitrogen for even, consistent, feeding for up to 16 weeks and avoids the "peaks and valleys" caused by other products. The slow-release nitrogen in Blitz 22 release is triggered by temperature and microbial activity in unison with plant demand, to provide highly efficient feeding. It also enriches your soil's microbial activity, which helps to increase root growth and density and improve the overall vigor of the plant.

Blitz 22 is specially designed for turf, and gives you a deep, rich color without a significant flush of growth. Additionally, the humic acid contained in Blitz 22 may also aid in the uptake of micronutrients.

For professional & homeowner use.

Safe for use on all turf, vegetables, flower gardens, and ornamentals.

Apply Only as Directed

Turf:

- Apply 6-8 lb per 1,000 sq. ft.
- Water in after application.
- Product may take several irrigation cycles to completely dissolve, use accordingly on non-aerified putting surfaces.
- Apply quarterly or as needed.

Gardens and New Turf Construction:

10-12 lbs per 1,000 sq. ft., till into soil prior to planting.

Crops: Per soil analysis or as recommended by an agronomist.

Trees & shrubs: 6-8 lb per 1,000 sq. ft.

- Water in after application.
- Apply 3 times per year or as needed.

Contains No Sewer Sludge or animal waste/byproducts and can be used in vegetable gardens.
