

Controls weeds and grasses up to 6 months – with just one treatment.

Save time. Conserve your budget.

- Controls existing weeds & grasses plus prevents new weeds & grasses for up to 6 months
- Excellent for backpack sprayer applications
- Labeled for use near landscape trees and well-established shrubs
- Delivers visible results in hours
- Perfect for treating curbs, sidewalks, parking lots, park paths and fencelines, even gravel and mulched areas

Gravel Pad // 5 Months After Treatment

Roundup QuikPro® SC Total Herbicide
16 fl. oz./1,000 sq. ft. Bayer, Clayton,
NC, 2012, HE12NARDS3

Glyphosate 0.73 fl oz./1,000 sq. ft.
Bayer, Clayton,

Weed and grass control for larger areas.

Save time.
Conserve your budget.

- Controls 45 grassy and broadleaf weeds, including tough ones like Kochia, Marestalk, and Pigweed
- Offers long-lasting results because of its residual control
- Mixable with both post-emergent actives like glyphosate and other pre-emergent herbicides
- Delivers excellent residual control, which means fewer retreatments
- Perfect for large acreage projects
