See back panel for additional precautionary statements and directions for use.

From The Manufacturers of Mosquito Dunks®

BIOLOGICAL MOSQUITO CONTROL
QUICK KILLS WITHIN 24 HOURS

PRECAUTIONARY STATEMENT:

Hazards to Human and Domestic Animals:

Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Environmental Hazards: Do not apply directly to treated, finished drinking water reservoirs or drinking water receptacles when the water is intended for human consumption.

FIRST AID

IF INHALED

Move person to fresh air.

If person is not breathing, call 911 or an ambulance, then give artificial Respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING Take off contaminated clothing.

Rinse skin immediately with plenty of water for 15-20 minutes.

Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Storage: Reseal unused portions of product. Store in cool, dry, well-ventilated place.

Container Disposal: Do not reuse empty packaging material. Perforate or crush, wrap and discard packaging material according to local trash disposal regulations.

GENERAL INFORMATION:

MOSQUITO BITS® is a highly selective microbial insecticide effective against mosquitoes in a variety of habitats. When spread over the surface of containerized water the BITS release a biological mosquito larvicide at the water's surface. This larvicide gradually settles in the water where it is eaten by mosquito larvae growing there. MOSQUITO BITS® may be used in all types of containerized standing water sites where mosquito larvae grow. The BITS will give a quick kill within 24 hours. For more residual long term control please use MOSQUITO DUNKS®. after applying MOSQUITO BITS®.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

OUTDOOR USE AROUND THE HOUSEHOLD:

Sprinkle one teaspoon per 25 square feet or one tablespoon per 75 square feet (1/2 lb. per 2178 square feet) over the surface of the containerized standing water found around the home. MOSQUITO BITS® should be applied uniformly. A seven to fourteen day interval between applications should be employed. Longer periods of mosquito suppression will be obtained with the subsequent use of MOSQUITO DUNKS.

MOSQUITO BITS® may be applied to areas that contain aquatic life, fish and plants. May be applied to areas used by or in contact with humans, animals, horses, livestock, pets, birds or wildlife. Except finished, treated human drinking water sources.

**APPLY TO CONTAINERIZED STANDING WATER FOUND NEAR THE HOUSE
SUCH AS:**

- water gardens
- bird baths
