

# TOTAL BIO +

Total Bio + is water-dispersible granules that introduce a beneficial consortium of microbes into your soil that aids in boosting natural phosphorus uptake while fostering improved turf health. Total Bio + can be used alone or blended with foliar applications, various soil applications, or even added to weed control programs.

## RECOMMENDED APPLICATION RATES

### Golf Course Greens & Tees

0.15 oz per 1,000 square feet once a month during growing season once soil has reached a temperature of 55 degrees for 5 days in a row
