DIRECTIONS

For best results apply Turf Titan's Thatch Buster before 10 am, or after 5 pm. This allows for decreased evaporation and greater efficacy. Application during the afternoon should be avoided. Once applied, water your lawn for 20-30 minutes. Shake product well before use.

For pump-up garden sprayers

1. Mix 4 oz. of Thatch Buster per gallon of water
2. Apply evenly across lawn
3. Water lawn for 20-30 minutes after application

For hose-end sprayers

1. Pour Thatch Buster into hose-end sprayer bottle
2. Set sprayer to "4 oz." setting
3. Apply evenly across lawn
4. Water lawn for 20-30 minutes after application

For best results apply Thatch Buster once a week. May cause staining. Do not store Thatch Buster in direct sunlight. Store in a closed container at room temperature. Do not freeze. Product will have a strong odor due to Microbial Activity. Best if used within 6 months of purchase.
