ADDITIONAL PRODUCTS FROM TURFACE®

TURFACE® ELITE™ THE #1 CONDITIONER

- Smaller, more uniform particles assure a smooth, professional, skinned playing surface, minimizing potentially dangerous bad hops
- Moisture-absorbing properties improve footing and help to prevent rainouts
- Available in Natural (tan), Champion Brown, Red and Heritage Red to enhance visibility and ballpark aesthetics

SAF™ 5-STAR™ PACKING CLAY

ALL NEW!

- Ready to use right out of the bag
- Excellent durability, holds up game after game
- Used at all levels of play from coast to coast
- Easy installation
- High density red clay material binds well

SLIDEMASTER™

THE ULTIMATE TOPDRESSING

- Natural red shale topdressing: No dye, zero stains
- Rounded, uniform particles for superior sliding
- Improves infield moisture retention in dry conditions
- Allows for easier infield dragging and a consistent surface

TURFACE PROFESSIONAL MOUND CLAY®

PREMIER, 100% VIRGIN CLAY

- Preferred by professional and college teams
- Available as a shredded clay or in pre-formed blocks
- Easy installation – ready right out of the bag
- High level of durability in a range of climates, to reduce wear across a variety of fields

MARMOUND® ALL-PURPOSE PACKING CLAY®

AN AFFORDABLE SAND/CLAY MIXTURE

- Helps maintain moisture and firm up soft, sandy areas for safe footing and consistent play
- Easy-to-use material for fast installation and smooth shaping
- Saves time and reduces the amount of field care needed
- Outperforms other clays in its class
- Great for multiplexes – holds up over a series of games and fields

IN THE GROUND

Incorporating Turface® into the soil of your natural grass fields reduces compaction and improves water- and air-holding capacity at the root zone.

ON THE GROUND

Improve field safety, stimulate recovery and absorb excess moisture by adding Turface to water-soaked fields.

BY YOUR SIDE

The Turface network of professionals can help you every step of the way, with information and tips on products, procedures and best practices.
