

LESCO®

LESCO MANSION
HERBICIDE | 10780880 | 10780174

PRODUCT OVERVIEW

LESCO MANSION is a highly selective premium post-emergence herbicide for effective control of grassy and broadleaf weeds in turfgrass. Specially formulated to control annual and perennial weedy grasses such as ryegrass, bahiagrass and foxtail. Also provides effective control of broadleaf weeds. The active ingredient, metsulfuron methyl is absorbed through plants' surface and roots to inhibit production of key amino acids; preventing cell division and stopping weed growth.

FEATURES AND BENEFITS

- Works effectively on warm-season turf grasses
- Removes bahiagrass from St. Augustine and bermuda grasses
- Controls annual and perennial weedy grasses and broadleaf weeds, including rosette- and vining-type dicots
- Additional alternative for use on buffalo grass

TARGET WEEDS CONTROLLED

- Bahiagrass
- Clover
- Dandelion
- Dollarweed
- Foxtail
- Oxalis
- Ryegrass
- Spurge
